Covered Vehicle:	As shown on the Declarations Page
Additional Premium:	As shown on the Declarations Page

PROVISIONS

- When we pay for covered physical damage repairs to your covered auto under Part D, we will specify the use of new parts manufactured by, or for, the vehicle's original manufacturer (OEM parts), rather than non-OEM aftermarket or reconditioned/salvage parts, except as provided below.
- This endorsement does not apply to parts subject to normal wear-and-tear replacement (e.g., tires, brake pads, wiper blades), or where an OEM part is unavailable within a reasonable time as determined by us in consultation with the repair facility.
- If an OEM part is unavailable, we may authorize a certified aftermarket part of like kind and quality, or, at your option, extend the repair timeline until the OEM part becomes available; any related additional rental/transportation expense remains subject to the policy's standard Transportation Expenses limit.

All other terms and conditions of the Policy remain unchanged. This endorsement is effective on the policy inception, renewal, or endorsement effective date shown on the Declarations Page, and expires concurrently with the Policy to which it is attached.

This is a fictional specimen policy form created for illustrative and training purposes only. It is not an actual insurance contract, confers no coverage, and must not be attached to, or relied upon in connection with, any real insurance policy or claim.
